P&G Children's Safe Drinking Water

*P&G has committed to Save One Life Every Hour by providing 2 billion liters of purified water (200 million packets) every year by 2020.*

## Give the Gift of Clean Water

We are proud to continue offering the gift of clean water as a charitable option. Since 2004, the P&G Children's Safe Drinking Water Program has provided more than 600 million sachets — enough to purify more than 6 billion liters of water. Almost 4,000 children die every day from diseases caused by drinking unsafe water. P&G, in collaboration with the U.S. CDC, has developed a low-cost technology, called P&G Purifier of Water, to purify even heavily contaminated drinking water so that it meets WHO standards for safe drinking water.

**The P&G Packet. A quick, simple and easily transportable way to clean dirty water.**

The P&G (formerly PUR) packet is an amazing innovation that quickly turns 10 liters of dirty, potentially deadly water into clean and drinkable water. And, because it is much smaller and easier to ship than plastic water bottles, anyone anywhere in the world can easily use it. The P&G packet is based on technology similar to municipal water systems in developed countries. The P&G packet is a powdered mixture that removes pathogenic microorganisms and suspended matter, making previously contaminated water clean. P&G has committed to Save One Life Every Hour by providing 2 billion liters of purified water (200 million packets) every year by 2020. Now you can be part of this significant goal!
**To watch an incredible demonstration of PUR, visit http://www.csdw.org/csdw/pur_packet.shtml.**

HEIFER INTERNATIONAL

## Give an Udderly Original Gift

Since 1944 Heifer has helped 13.6 million families in more than 125 countries. For detailed information, please visit their website at www.heifer.org.

### Chicks: A Good Choice

A flock of chicks can help families from Cameroon to the Caribbean add nourishing, life-sustaining eggs to their inadequate diets. The protein in just one egg is a nutritious gift for a hungry child. A good hen can lay up to 200 eggs a year - plenty to eat, share or sell.

### Heifers Equal Hope

A good dairy cow can produce four gallons of milk a day - enough for a family to drink and share with neighbors. Milk protein transforms sick, malnourished children into healthy boys and girls. The sale of surplus milk earns money for school fees, medicine, clothing and home improvements.

### The Buzz About Bees

From Uganda to El Salvador, bees from Heifer International help struggling families earn income through the sale of honey, beeswax and pollen. As bees search for nectar, they pollinate plants. Placed strategically, beehives can as much as double some fruit and vegetable yields. In this way, a beehive can be a boost to a whole village.

Your gift will provide a family with a package of bees, the box and hive, plus training in beekeeping - and this unique gift will be passed on to another family in need.

### Ducks Give by the Dozen

A flock of ducks provides a family with a starter flock of ducklings. For millions around the world, duck eggs form the cornerstone of a healthy diet. Duck gifts benefit the family because they:

- Yield eggs and protein for nourishment
- Boost income through sales of ducks, their eggs, feathers and down

HEIFER INTERNATIONAL

### Flock of Geese Provides Nutrition and Security

Geese can lay up to 75 eggs a year, so the benefits add up quickly for families in need of protein and a means of income. Your gift of geese grants the opportunity to lift a community out of hunger and poverty.

### Honeybees Sweeten a Family's Financial Future

Sometimes it's the smallest gifts that make the largest impact. Healthy beehives can double fruit and vegetable yields of small farms. Boosts income through sales of honey, wax and pollen. Let your honeybee donation turn a family's struggle into a lifetime of opportunity.

### Rabbits Reward Families

Donate rabbits and provide a high-yield gift that will help families increase their income and improve their health. Because rabbits can have as many as six litters in a single year, they can pass on the Gift fairly quickly, enriching the lives of an entire community through your gift.

### Sheep Bring "Shear" Joy

The wool sheep provide is a valuable resource, providing warm clothing for families and children living in harsh environments. Entire communities depend on sheep for their livelihood. Donating sheep gifts to a community:

- Boosts income through sales of extra wool
- Enable families to Pass on the Gift to others quickly

### Pigs Prove Prosperity is Possible

Pig gift donations are an excellent fit for some of the poorest families Heifer serves. Your donation provides a family with much needed protein and nourishment. A pig produces as many as 16 piglets that can be sold for income.

### A goat is the gift of sustainability

Goats nourish hungry children and families with healthy milk, cheese, and yogurt. Goats also give a much-needed income boost by providing offspring and extra dairy products for sale at the market.

A healthy dairy goat can give up to 16 cups of milk a day. Goats are practical animals — flourishing in harsh climates while producing valuable manure to fertilize crops and vegetable gardens.

### Dairy Animals Provide Cheeses of the World

The Cheeses of the World Gift Basket is made up of four milk-producing animals: a goat, a sheep, a water buffalo and a heifer. Families will also receive training on the animals' care. Each Cheeses of the World gift basket:

- Provides an abundance of milk to make cheese, butter and yogurt
- Increases wealth by providing dairy products that can be sold

Fresh Goat's Milk Skin Care Products
CANUS

## Canus

*We soothe, we soften and we do it naturally!*

Goat's milk has a well documented history as an ancient moisturizing additive. It is rich in proteins, vitamins and minerals. These components found in goat's milk are quickly and easily absorbed, passing their beneficial properties to the body's largest organ – the skin. Original Fragrance for the whole family to enjoy.

### Goat's Milk Lotion

All-natural, non-greasy and paraben-free lotions get right to work, softening dry spots and restoring your skin's natural suppleness. The goats suggest keeping a bottle on your dresser, next to the kitchen sink, even in the extra cup holder in your car.

### Goat's Milk Lip Balm

How do the goats keep their lips so soft and kissable? They developed their own organic and petroleum-free lip balm. It glides on easily, doesn't leave a waxy build-up and has a fresh, natural mint taste. Provides SPF15 sun protection and is spearmint flavored.

## Pint of Pure Vermont Maple Syrup

*Medium Amber*

The Sugarbush Farm family is famous for its Pure Vermont Maple Syrup made right on their hillside farm. In early spring, sap is collected from over 6000 trees with the help of Belgian draft horses. The sap is boiled down in the family sugarhouse over a wood fire.

This 16 oz jug is the perfect size for a large family breakfast. Heat the syrup in the microwave for 15 seconds to keep the pancakes hot. The attractive plastic jug will keep syrup fresh in the fridge for up to 2 years.

## LAB-CHOCOLATE

"Chemically speaking, chocolate really is the world's perfect food."

*- Michael Levine, Author*

### *Chocolate has just the right chemistry*

According to a study by the University of Michigan, chocolate contains chemicals called opioids. Opioids are also found in opium that can dull pain and give you a feeling of well-being. Therefore, people who eat chocolate produce natural opiates in their brains that can soothe their nerves and make them feel good. So feel good, indulge in our Lab-Chocolate it is 1.55 oz. of Hershey's milk chocolate. Go ahead it's good for you!
